

# PROJECT CONNECT

Supporting survivors of intimate partner violence and vulnerable groups in the Kingston Community

## INTERVAL HOUSE

Emergency Shelter and Second Stage Housing facility for women, children and youth experiencing violence. Our Emergency Shelter has 25 beds and is open 24 hours per day, 365 days per year. The shelter offers meals, accommodation, counselling, clothing, toiletries and safety. Our clients often leave domestic violence situations with very little. Many don't have phones or have difficulty affording phone plans. At the very least phones they can use them to dial 911 are crucial to aid in their safety planning.

## DAWN HOUSE

Grass roots organization, and local charity supporting and empowering homeless, vulnerably housed, and marginalized women living in poverty. Transitional and Long Term Supportive Housing available. Biggest barrier residents face is securing SIM cards and funding for monthly plans.

## STREET HEALTH

We provide low barrier service to those seeking substance use support and those in our priority population in need of acute/episodic medical care. We also run Consumption Treatment Services that allows clients to use safely and be provided wrap around services. Street Health serves people who use substances, who are experiencing homelessness, who engage in sex work, and who are recently released from incarceration.

## SEXUAL ASSAULT CENTRE KINGSTON

Provide emergency, crisis, short term, and long term supportive counselling, and information, referral, and advocacy services for ALL survivors of sexual violence

## DONATIONS

We accept gently used phones, laptops/tablets, and chargers in addition to purchased items such as new SIM cards and cash. We also accept cheques and online donations directed to the above organizations. Donation drop-off/pick-up can be arranged via email or items/money can be dropped off directly at the above organizations.
